

*How to make a friendship tree.*

1. Cut out the semi-circle.

2. Make small snips from the edge of the semi-circle to the line.

Then fold up the cut sections along the line.

3. Spread glue along one edge of the semi-circle.

4. Bend the semi-circle around to make a cone with a cut-off top.

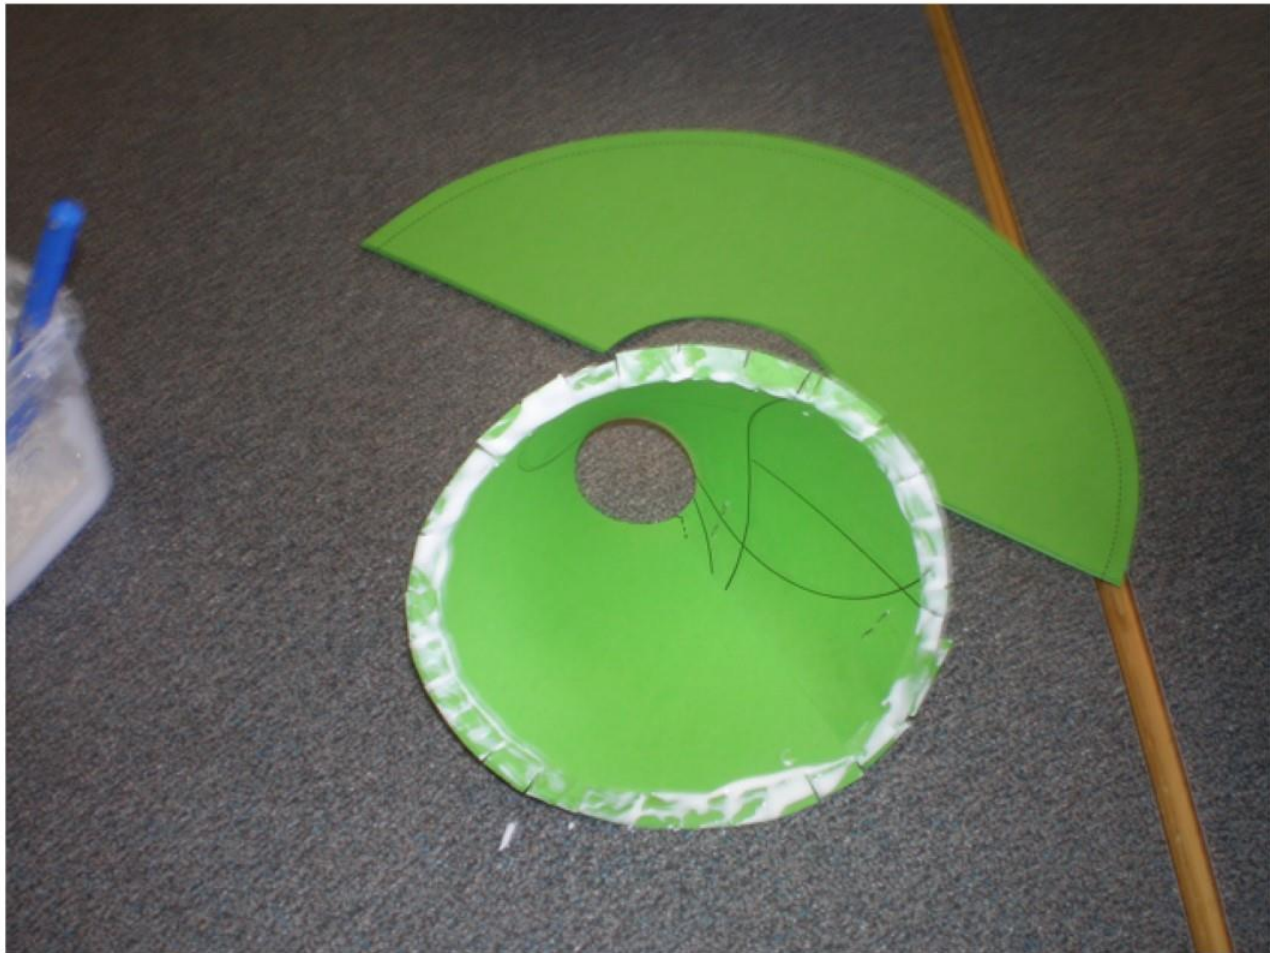

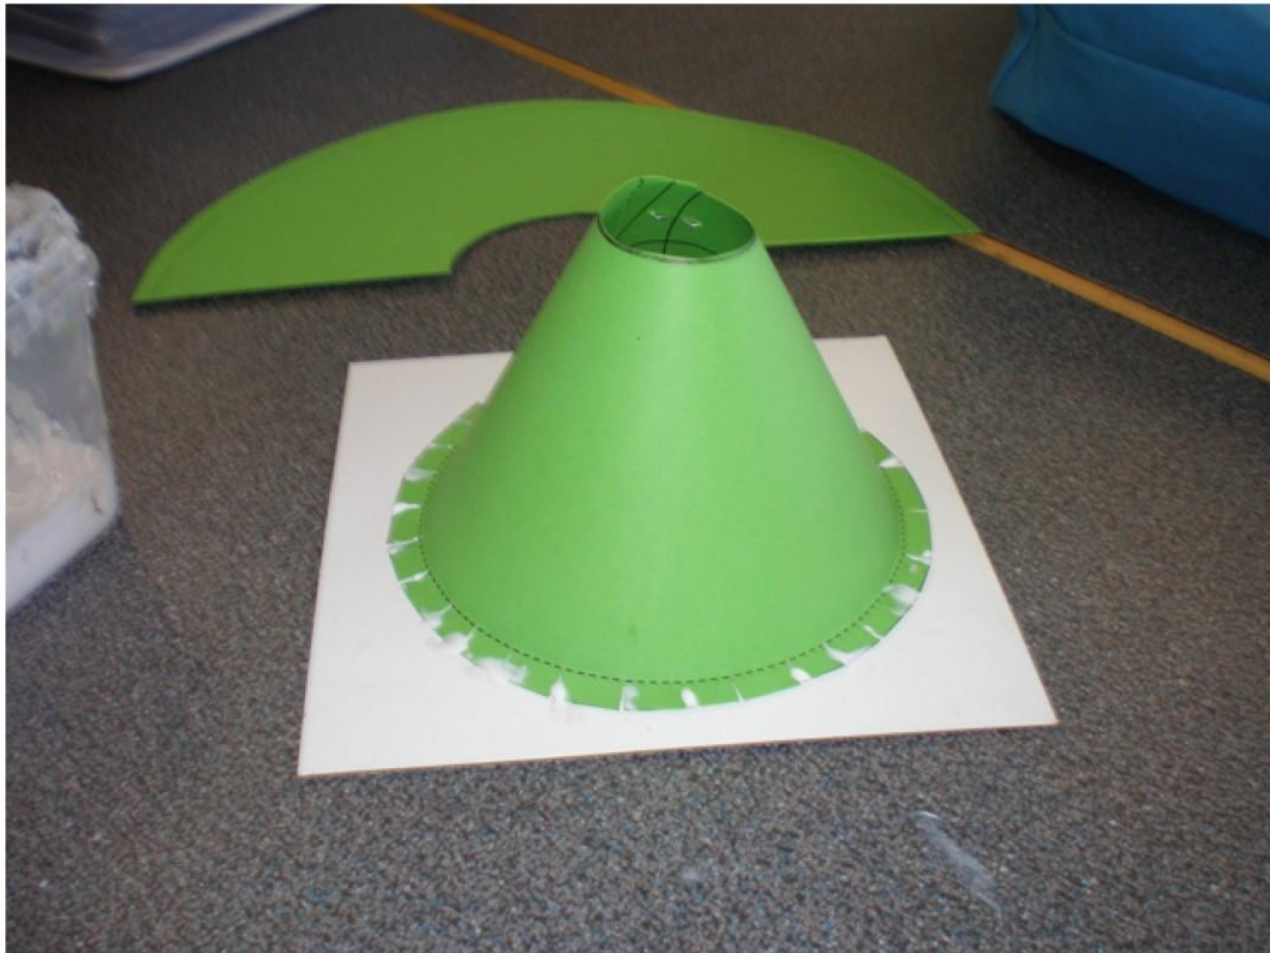

5. *Staple the top and bottom for extra strength.*

6. Turn the cone upside down and spread glue over the folded edges.

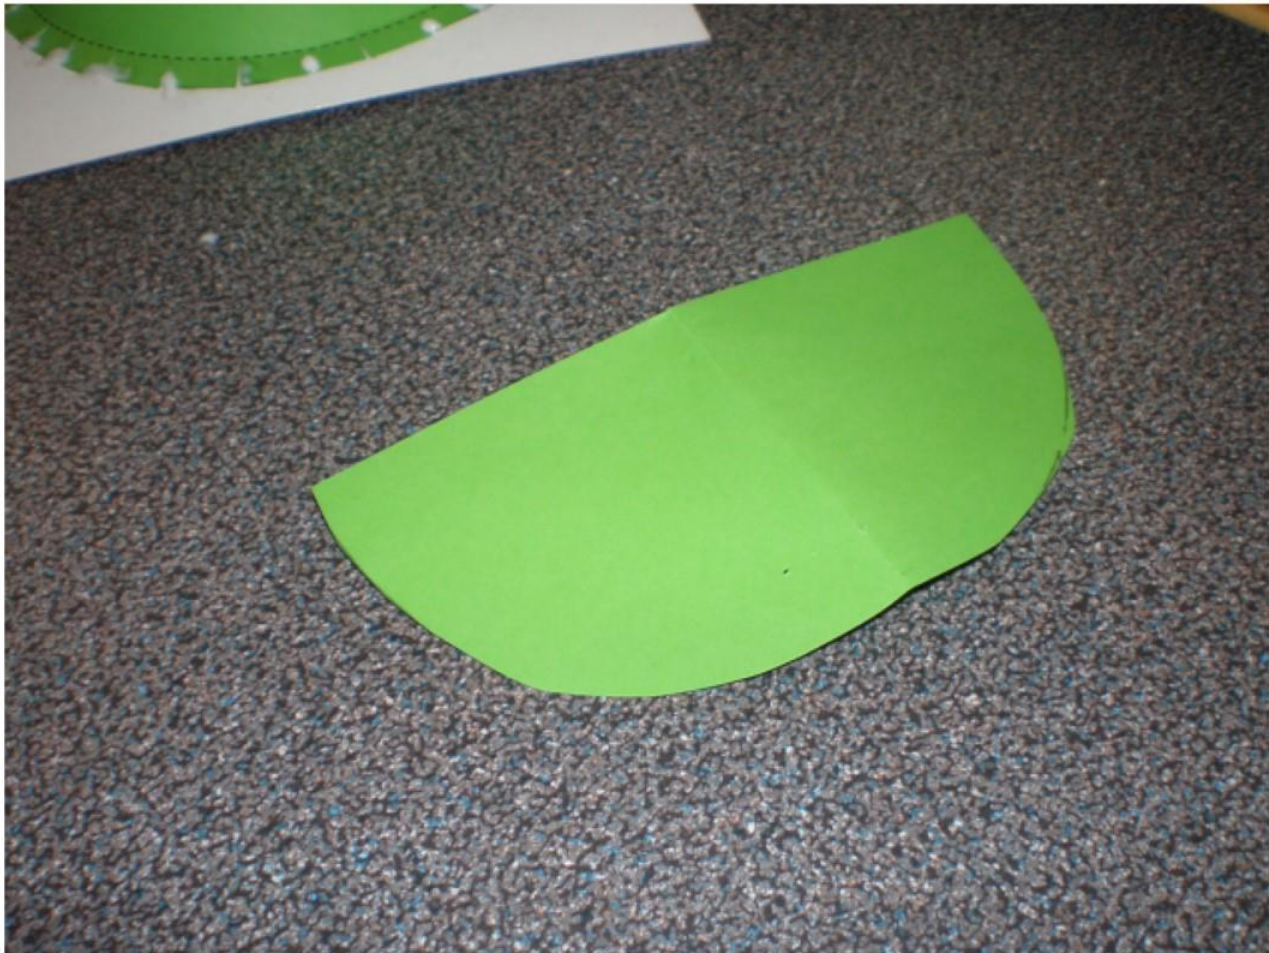

7. Glue the cone onto a cardboard base.

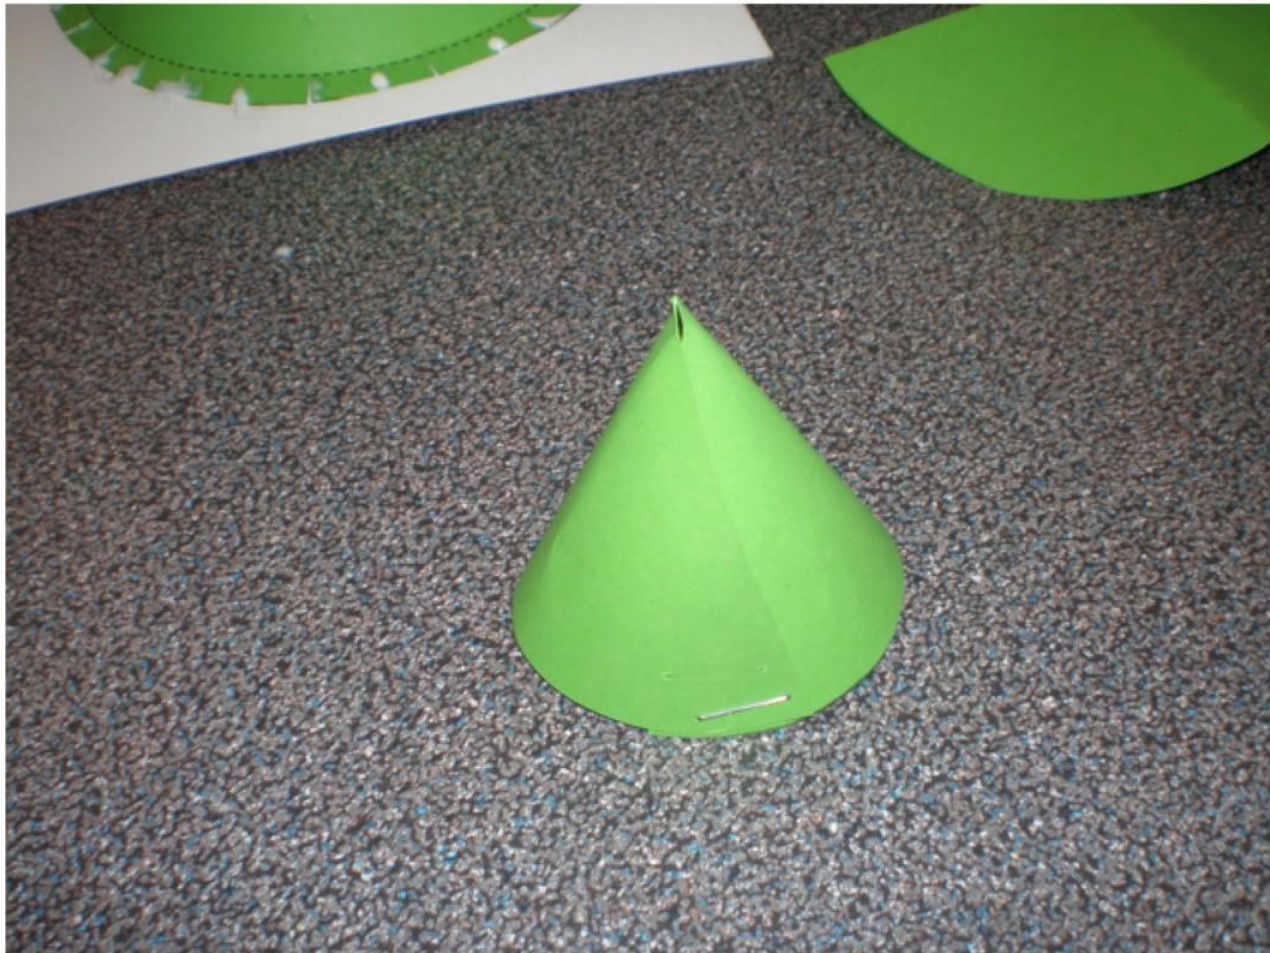

8. Cut out the smaller semi-circle.

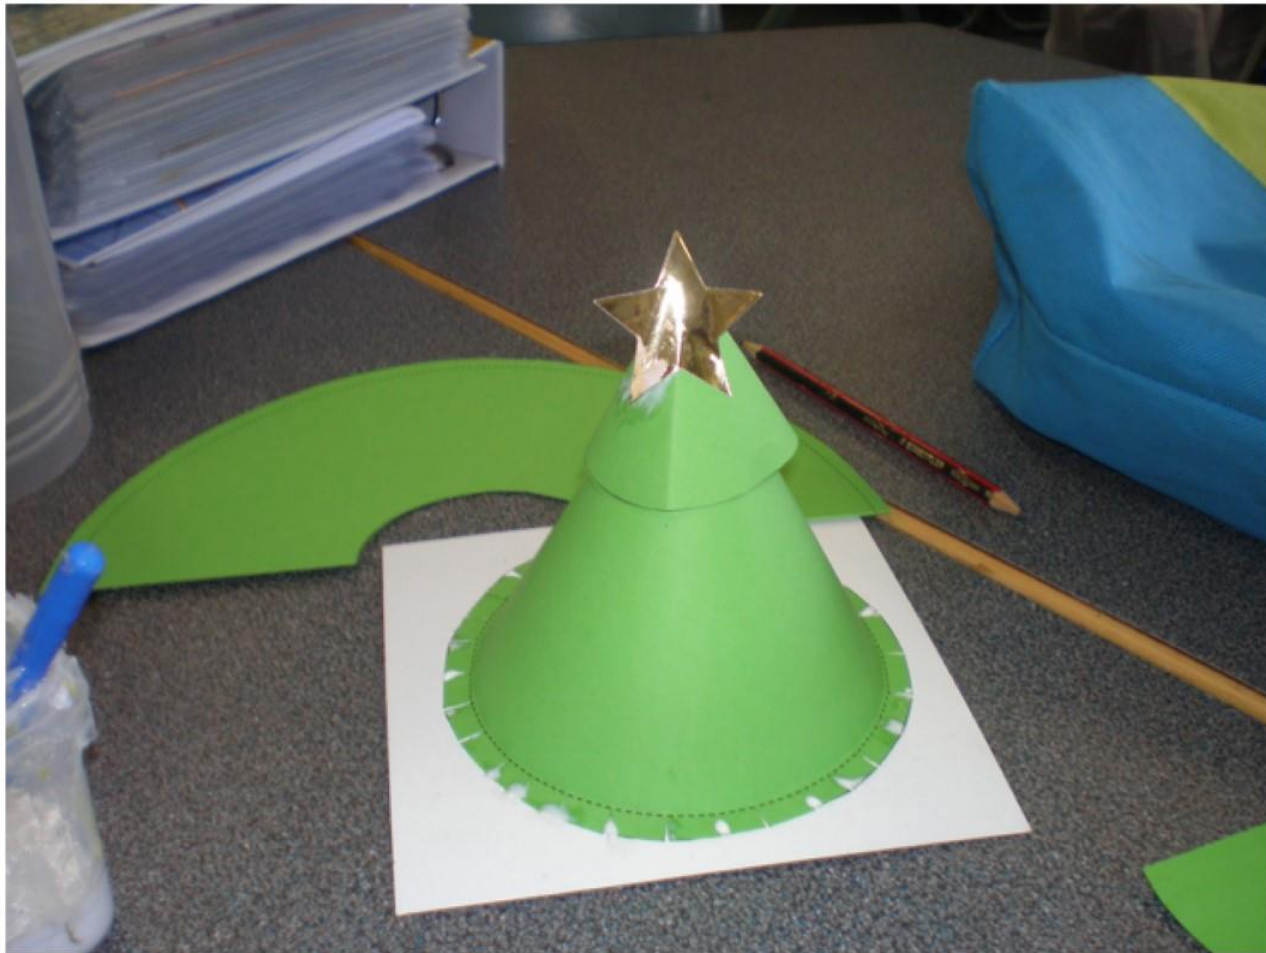

9. Bend the semi-circle to make a cone. Staple.

10. Glue a star to the top of the cone.  
Place the small cone over the larger cone.

11. Attach a name label to both parts of your tree.

12. Decorate your friendship tree.
